

MUTHUKRISHNAN P

Senior Full Stack Web Developer

+91 9786337914 | muthukrishnanpr@gmail.com | [Muthukrishnan P](https://www.linkedin.com/in/Muthukrishnan P) | Villupuram, TN

PROFESSIONAL SUMMARY

Mechanical Engineering background with a self-taught transition into full stack web development. Senior Full Stack Web Developer with 5.5+ years of experience building scalable web applications, enterprise platforms, and secure RESTful APIs across weather, climate, geospatial, and analytics domains. Proficient in Symfony, CodeIgniter, React.js, Node.js, MySQL, and MongoDB — with a strong focus on clean architecture, performance, and maintainable code.

PROFESSIONAL SKILLS

Front-end Development:

HTML5, CSS3, JavaScript, TypeScript, React.js, Responsive Web Design

Back-end Development:

PHP, Symfony, CodeIgniter, Node.js, Express.js, RESTful APIs

Database Management:

MySQL, MongoDB, Database Design, Schema Optimization

Tools & Platforms:

Git, GitHub, Postman, Swagger UI, VS Code, JSON

API Integration & Documentation

REST API Design, JWT Authentication, Third-party Service Integration, API Documentation

Performance Optimization

Query Optimization, Application Tuning, System Enhancement

Architecture & Development

Clean Code, Reusable Components, Structured Workflows

Specializations:

Weather & Climate Systems, Geospatial Platforms, Analytics, Python (Data Analysis)

PROFESSIONAL EXPERIENCE

SENIOR WEB DEVELOPER – SEMANSYS IT SERVICES PVT LTD

Feb 2022 - Present

Location: Puducherry, India

TECH STACK: Symfony, PHP, CodeIgniter, Node.js, React.js, MySQL, MongoDB, REST APIs, Swagger UI

Responsibilities & Achievements

- Developed and maintained scalable full-stack web applications for enterprise and domain-specific platforms
- Designed and implemented secure, reusable, and production-ready RESTful APIs
- Built robust backend systems using Symfony, PHP, CodeIgniter, and Node.js
- Developed responsive and interactive frontend modules using React.js, JavaScript, HTML, and CSS
- Designed database structures and optimized queries for performance and scalability
- Standardized API responses, validation workflows, and backend architecture for maintainability
- Integrated third-party services, data sources, and internal modules across multiple projects
- Worked on application performance tuning, debugging, issue fixing, and system enhancement
- Collaborated with teams to gather requirements and convert business needs into technical solutions

- Followed best practices in clean coding, reusable architecture, and structured development workflows

UI DESIGNER – CADD CENTER

Jul 2021 - Feb 2022

Location: Theni, Tamil Nadu

TECH STACK: HTML, CSS, JavaScript, Responsive Design, UI/UX

- Developed responsive and visually consistent web UI components
- Converted design ideas and wireframes into functional frontend pages
- Built user-friendly interfaces using HTML, CSS, and JavaScript
- Ensured mobile responsiveness and cross-browser compatibility
- Coordinated with developers to integrate UI with backend modules

KEY PROJECTS

RESTful API Architecture – Symfony

TECH STACK: Symfony, PHP, MySQL, Swagger UI, REST API

- Developed a secure and scalable REST API architecture using Symfony
- Built modular backend services for structured API development
- Integrated Swagger UI for API documentation and testing
- Implemented request validation, error handling, and authentication workflows
- Improved API maintainability through standardized response structures

RESTful API Architecture – Node.js

TECH STACK: Node.js, Express.js, MongoDB, Swagger UI

- Built high-performance REST APIs using Node.js and Express.js
- Designed flexible MongoDB collections and backend workflows
- Integrated Swagger-based API documentation
- Improved backend performance for handling large and dynamic datasets

Seismic Monitoring & Geospatial Platform

TECH STACK: PHP, React.js, Geospatial Systems

- Developed a real-time earthquake monitoring and geospatial visualization platform
- Built map-based data visualization modules for live event tracking
- Implemented filters, event analysis, and historical data presentation
- Enhanced usability for seismic monitoring and operational decision-making

Rainfall & Precipitation Analytics Platform

TECH STACK: Full Stack, Data Visualization, Analytics

- Developed a weather analytics platform for rainfall and precipitation monitoring
- Built chart-based and map-based visualization modules
- Implemented historical and real-time data presentation features
- Designed user-friendly interfaces for station-level weather insights

Weather & Climate Information Portal

TECH STACK: Symfony, React.js, Climate Data Systems

- Built a weather and climate information platform with forecast dashboards
- Developed modules for weather visualization, climate monitoring, and alert-based systems
- Integrated dynamic weather data into a structured user-facing platform

- Supported real-time and region-based weather intelligence workflows

Enterprise Multi-Domain Backend Management System

TECH STACK: CodeIgniter, Symfony, MySQL

- Developed and maintained a multi-domain backend management system
- Built modules for Admin, Customer, Reports, and Employee workflows
- Implemented multilingual and role-based access features
- Supported structured reporting, customer operations, and internal management processes

CORE STRENGTHS

- Full Stack Web Application Development
- REST API Design & Development
- Symfony Backend Development
- PHP Application Architecture
- Frontend Development with React.js
- Database Design & Optimization
- Enterprise Workflow Systems
- API Integration & Documentation
- Clean Code & Maintainable Architecture
- Performance Optimization

EDUCATION

Bachelor of Engineering (Mechanical Engineering)

Theni Kammavar Sangam College of Technology (TKSCT), Theni

2016 - 2019

DECLARATION

I hereby certify that the information provided in this resume is true, accurate, and complete to the best of my knowledge. I declare that I have not concealed or misrepresented any facts that are material to this application.

I understand that any inaccuracy or omission in the information provided may be grounds for rejection or termination of my candidature at any stage.

I am aware of and accept the responsibilities of the position and am committed to upholding professional ethics and standards.

Muthukrishnan P
